

## MUSIC MASTERS CLASSES AT ST. LUKE'S EPISCOPAL SCHOOL

Want your child to LOVE music?

### THE SCOOP:

Music Masters is an integrated piano class specially designed for young children.

Our classes integrate learning to read notes and play piano with singing, percussion instruments, creative movement to music as well as rhythmic and listening skills activities. Children have so much fun making music they don't notice how much they are learning!

The goal of Music Masters is to develop a lifelong love and understanding of music, and to make it an integral part of the child's life.

We still have a few spaces available at the St. Luke's Episcopal school, and would love to welcome some Acorn students!

*Hope you can come. You will enjoy it!*

I am music
